- DOB: 1996  DOD: 2005

- She had obtained her CGC and CDX and was working on her UD when she went on to the Rainbow Bridge at the age of 8.
- Participating in over 100 documented visits to 18 different facilities in 2 states, including schools during the Iditarod, and taking part in reading programs and visiting senior facilities with Alzheimer's units earned her the title of TDIA from Therapy Dogs International (the AKC did not have a Therapy Dog title at that time).
- She was the epitome of an ambassador of the Alaskan Malamute with a temperament that allowed her to sit and watch in curiosity birds, rabbits, cats, and any other animal that may have been staying, restricted or free, at the many facilities we visited.
- She loved people, old and young alike. She was my heart dog.
- AKC pointed in conformation.
BENCHMARK'S TARGET N CYBERSPACE, CGC, RN, TDI, NA, OAJ, OF ("ECH0")

- DOB: 2002  DOD: 2013
- Breeder: Phyllis Hamilton

- Echo was actively working toward her agility titles of AXJ, XF, and OA when she went to join Cyber, her mentor in temperament, at 10+ years old. She competed in an agility trial just 30 days before leaving us. She was my first agility dog.

- Her ultimate joy was agility.
